Supplier Onboarding – International Individual

Indiana University (IU) is a member of the Jaggaer supplier network. In order to receive payment from IU, payees, referred to as “suppliers” in Jaggaer, must complete the supplier onboarding process and join the network. Once established, your supplier portal is used to manage payment information, addresses, tax forms, and more.

This document provides a step-by-step walkthrough of the supplier onboarding process for a foreign-taxed individual.

Before you follow the steps in this document, locate the following items:

- Indiana University supplier invitation email.
- Wire transfer or foreign draft information.
- Scanned image of completed and signed W-8BEN tax form. If you do not have a completed W-8BEN tax form on hand the system will generate one for you to sign and submit.

Already started the process and need to pick up where you left off? Click here.

Invitation

The onboarding process begins when an IU staff member requests your addition to the supplier network. IU Purchasing reviews the request, and, once approved, invites you to begin the onboarding process via email. This email invitation will come from the email address supplier@iu.edu, have a sender name of “Indiana University,” and will look like the example below.

Click Register Now to establish your username and password.

You will also receive reminder emails from Jaggaer directly. These messages come from support@sciqua.com and contain contact information for Jaggaer’s support team.

Please contact the IU department you are working with for assistance first before contacting Jaggaer.
Create Your Jaggaer Network Account

After clicking Register Now in the email invitation, the registration page opens in a browser window. The supplier portal is available in 6 languages: English, French, German, Italian, Spanish, and Mandarin. Click the drop-down in the upper right-hand corner to select another language, if desired, then **Continue with Registration** to proceed.

Fields marked with a star are required. Verify your first and last name and enter your phone number in the appropriate field. International phone numbers must begin with a “+”. Update your time zone to reflect your local time zone.
Proceed to the **Your Login** section of the page. Confirm your email address and establish a password.

Your email address acts as your username when accessing the supplier portal. Store your username and password in a safe place! You will need this information to login to the portal and make changes in the future.

Answer the Account Recovery Question and click **Create Account** to establish your account.

Upon creating your account you will automatically be transferred to the supplier portal.

**Complete and Submit Registration Information**

The supplier registration page is made up of a series of sections, visible in the left-hand menu. Each section is followed by a checkmark. Completed sections are represented by green checkmarks. Sections with gray checkmarks require additional information.
Throughout the registration process you will see fields marked with a star. These fields are required and must be satisfied to complete your registration. All other fields are optional.

Welcome
On the Welcome page, enter your first and last names in the appropriate fields then click Next.

You are not required to complete the supplier onboarding process in one sitting. However, payment will not be issued until this process is complete. Click Save Changes to save your work and return at a later time.
Individual Overview

In the Individual Overview section, verify your **Country of Origin**. This information was entered by IU staff when requesting your invitation. Verify that the country listed reflects the country you use for tax purposes.

Next, select your legal structure from the **Legal Structure** drop-down menu. Select “Foreign Individual.” If you own a business and will be compensated as such, select “Non-US Based Entity” from the drop-down.

Enter your US Tax ID in the **Tax ID Number** field. If you do not have a US Tax ID leave this field blank. Click **Save Changes** to save your work and **Next** to complete the Individual Overview section.
Depending on your Country of Origin, you may be eligible for Tax Treaty. Applying for Tax Treaty may reduce the amount of tax withheld from your payment. In order to claim this benefit, you must complete the Foreign National Information System, or FNIS, questionnaire. Contact the IU Tax Department at intltax@iu.edu with questions.

If your country has a Tax Treaty with the United States, the Additional Questions section will appear. Click the IU FNIS for Suppliers Site link located in this section to learn more about how to apply for Tax Treaty.

The left-hand menu updates to reflect a green checkmark once the section is complete.
Addresses

When requesting your invitation to register, a remit address was entered on your behalf by IU staff.

A phone number must be associated with your address. Click the text in the **Address Label** column to add this information.

A new window opens which allows you to edit address information and add a phone number. International phone numbers must begin with a “+”. Click **Save Changes** to save your work and exit the window.
A physical address is also required. This may be the same as your payment address, but it must be entered as its own entry. Click Add Address to add another entry.

Reminder: fields marked with a star are required. All other fields are optional.
Enter your physical address information and click **Next** to continue to step 2.
If desired, associate a contact with the address, or choose the radio button next to **Not Applicable** to skip this step. Click **Save Changes** to save your work. Contacts receive notifications related to orders and payments from IU.

Repeat the steps outlined above until all addresses are added to your profile. Your profile must contain at least two addresses: a remittance, or payment, address and a fulfillment, or physical, address.
Click **Next** to save your work and continue to the next section.

### Contacts

Contacts receive notifications related to orders established with IU. You are required to have one contact on file to satisfy this section of the registration process.

**If you added a contact when adding another address this section will already be complete.**

Click **Add Contact** to establish yourself or another individual as a contact.
Enter your contact information in the appropriate fields.

Reminder: fields marked with a star are required. All other fields are optional.

Click **Save Changes** to save the contact to your profile.

Repeat these steps as many times as desired to add additional contacts to your profile. Click **Next** to continue to the Payment Information section.

Print the tax form, sign and date, and scan the document. The signed document can then be uploaded by clicking **Select file**. Alternatively, you may sign the document with a digital signature, such as AdobeSign.
